

**SILVER BULL MANAGEMENT GROUP INC.**

---

## **INVESTOR SUMMARY**

# IT STARTS WITH US

Our **VISION** is a world with adequate permanent supportive housing. A continuum of housing options, including permanent supportive housing that is available and accessible to those experiencing homelessness, who struggle with mental illness, chemical dependency, co-occurring disorders, and chronic health conditions.

Our work is grounded on the premise that homelessness is **SOLVABLE**.

Homelessness touches every corner of our country, impacting all of us

[Silver Bull Management Group, Inc.](#) strategically connects real estate development, legal and mental health specialists to create a stronger community across the United States. SBMC, Inc. strategically builds housing, medical, therapeutic and alternative support in communities for individuals with special needs and life threatening illnesses.

Our team works directly with mental health physicians, administrators and Permanent Supportive Housing programs intended to develop strategic and sustainable programs empowering the community.

SBMC, Inc. is also a strategic subsidiary of the New York State Black Chamber of Commerce, lead by Jay Martin Alexander [Founder of FUBU] This partnership strengthens the credibility and sustainability among the business community.

## THE REAL PROBLEMS

Permanent Supportive Housing is a crucial resource for people with psychiatric disabilities for a variety of reasons. Accessible housing provides a stable recovery, which can be difficult for people who are struggling with the following:

- Homelessness
- Mental Illness
- Domestic Violence
- AIDS/HIV
- Disabilities

## EMPOWERMENT

Tenants have choices in the support services that they receive. They are asked about their choices and can choose from a range of services, and different tenants receive different types of services based on their needs and preferences.

# INVESTMENTS DESIGNED BY THE HEART

You support life-**SAVING** opportunities for individuals with disabilities, mental illness and life threatening illnesses on a person centered investment based on individually defined settings, support needs, and meaningful life goals.

You are supportive of life-**SAVING** services , including case management, care coordination, job and education coaching, assistance with daily living skills, transportation assistance, and access to crisis intervention.

You empower individuals with disabilities have the human and civil right to choose from the broadest range of home, workplace, and community support; while decreasing barriers to affordable housing, meaningful work opportunities, and direct support service professionals.

You provide one of the most holistic programs that allows individuals to reach true mental, physical and financial independence through integrative solutions.

# BE A PART OF THE MOVEMENT

Public health draws on a science base that is multi-disciplinary. It relies on knowledge from a broad range of disciplines including medicine, sociology, psychology, criminology, education, and economics.

Permanent Supportive Housing is an effective response to unnecessary institutionalization of people with psychiatric disabilities and their segregation from their immediate community. People are forced to stay in institutions because they lack access to residential options providing less restrictive alternatives or productive service options
